GERMAN DELEGATION

COCOM DOC. 3663

Paris, 9th September, 1959

MEMORANDUM BY THE GERMAN DELEGATION
ON THE EXPORT TO HUNGARY OF COBALT OXYDE

4245144

The German authorities have received an application to license the export to Hungary of

1 to of black cobalt oxyde RKO 70/71%
covered by item 1720,
valued at \$2.796

The cobalt oxyde will be used for enameling purposes by the plant BUDAFOKI ZOMANCARUGYAR, LAMPART and BONYHADI. The German applicant ships greater quantities of colouring bodies for enamel works and he is anxious to supply at the same time the necessary quantity of cobalt oxyde. Should he be unable to supply the cobalt oxyde he fears to lose the market for the colouring bodies for enamel works as well.

The German Delegation submit the request within the framework of minimum-shipment procedure and trust that in view of the relatively small quantity involved and the harmless end-use no objection will be raised.
